(Link verified on 2016-09-09)

Institutions in some Eastern European countries (Czech Republic, Russia, Poland, and others) have historically been active in the field of terminology management. Their programs are not listed here, but readers who are proficient in any of the relevant languages might consider researching the availability of courses in these countries.

In addition to the courses above, other universities that offer courses in translation and linguistic studies may also offer courses in terminology.

## Resources

See the [TerminOrgs Terminology Starter Guide](#) for an introduction to terminology management as a profession.

See the [Recommended skills for terminology professionals](#) document for qualifications and duties that are typically required of terminology professionals in large organizations.

## About
